The Caliper Of True Tire Value—Goodrich List Prices Plus Goodrich More Mileage Adjustment

Mere looking at a tire in a dealer's store—weighing it in ounces—measuring it in inches—tell you nothing of what it will do on your car.

But apply the Goodrich Caliper of True Tire Value to it, and you at once gauge its service value.

Measure its price with the Goodrich List Price, and the adjustment mileage back of it with the More-Mileage Adjustment of Goodrich Tires—6,000 miles for Fabrics; 8,000 for Silver-town Cords.

If its price measures more than the List Price, the tire asks you to pay for something it cannot deliver.

If its adjustment mileage measures less in miles than the Goodrich More-Mileage Adjustment, it deprives you of mileage your money entitles you to get.

Measure any tire with the Goodrich Caliper, and you realize why the word is running like wild fire through the motoring world, "Goodrich has THE TIRES."

Goodrich is making the burliest, best tires the rubber industry has produced. Compare them and be convinced.

LODGE NEW CHARGES AGAINST WILLIAMS **FRENCH BANKER GETS LONG JAIL SENTENCE**

WASHINGTON, July 19.—A new set of sensational charges was sprung today out of the fight on the reappointment of John Skelton Williams as comptroller of the currency.

Representative McFadden of Pennsylvania, appearing before the house rules committee, charged that Williams assisted his brother-in-law, Lewis C. Williams of Richmond, Va., in the sale of an office building site in the capital to the government and that the comptroller shared in the commission for the sale. McFadden declared if the rules committee did not provide for an investigation, he would move the impeachment of the comptroller from the floor of the house.

Comptroller Williams immediately categorically denied McFadden's charges, declaring his brother-in-law acted as an attorney for the property owners, and that the comptroller not only had no concern in the transaction, but received no part of any commission.

The comptroller also called on the senate banking committee, holding hearings on his nomination, to summon McFadden for Monday morning to give testimony and to be confronted by the comptroller.

PARIS, July 19.—Henri Rochette, banker and promoter, today was sentenced to two years imprisonment and a fine of 3,000 francs for swindling French investors to the amount of more than 10,000,000 francs through the sale of Mexican railroad bonds in 1910.

Rochette was first arrested in 1905, charged with swindling in connection with bucket shops. He was released later on bail and remained at liberty until 1913, when he disappeared. He was located in Mexico City, where he had occupied a position close to Francisco Madero, at that time president of Mexico.

His extradition was demanded by the French government, but Rochette disappeared in October, 1915, he was found serving under an assumed name in an automobile section of the French army, and was arrested. He was placed on trial in the criminal court again on June 20 last.

Charges were made in 1912 that government officials had been interested in protecting Rochette after his release on bail.

The case was revived in 1914 at the time the wife of M. Caillaux, former minister of finance, shot and killed Gaston Calmette, editor of the Paris newspaper Figaro. The shooting of Calmette was the result of violent attacks on M. Caillaux in the Figaro, one of the charges against the former minister being that he had been connected with Rochette's operations.

IRISH CELEBRATE COMING OF PEACE

DUBLIN, July 19.—Viscount French, lord lieutenant and governor general of Ireland with his staff, and officials took the salute of the Victory march today at the bank of Ireland. The whole space of College Green was filled with cheering crowds and the streets were lined with sympathetic spectators. There was no hostility displayed at any point.

The garrison marched with fixed bayonets, leading a large representation of demobilized soldiers. A few Irish regiments, particularly the Dublin fusiliers, marched in muffs as well as demobilized Irishmen from British regiments.

POLES SCORE BIG VICTORY

PARIS, July 19.—Official dispatches from Warsaw say the bolsheviks defeated by the Poles at Lannitz were reinforced by the best detachment of the red army, marines and Chinese. The capture of Lannitz bars the way to reinforcements for the bolshevik troops in Volhynia.

MILTON WINS AUTO RACE

UNIONTOWN, Pa., July 18.—Tommy Milton won the Independent Automobile race of 11 1/2 miles on the speedway today. In the final heat of 22 1/2 miles he averaged 101 miles an hour, the time being 2:22.75. The race was in five heats of 22 1/2 miles each. Dave Lewis finished second, 13:27.98. I. P. Fetterman, was third, time 13:31.20.

WHAT THE SOLDIERS THINK OF IT

One of the most interesting studies these reconstruction days is that of the returning and returned soldiers. What do they think of the war? As typical a statement, and as terse, as we have seen is the message sent a chum by an aviator officer, leaving France for this side:

"Dear Pal: Dejected, demobilized, delighted."

That nearly tells it, though not quite.

A returning officer was asked how he enjoyed the war.

"I wouldn't take \$10,000 for my experience; and I wouldn't give a dime to do it again," was his summary.

Most of them avow it was an experience worth much more than it cost, and avow, with equal distinctness, that never again for them.

Those who feared that universal military service would make us a militaristic nation, with our young men eager for war, for war's sake, were needlessly alarmed.

Indeed the experience of these millions of young men seems to have become the nation's best assurance that it need not fear, for another generation at least, any general urge to combat.

The prize fight has considerable more of glamor to the ringside spectator, than it has to the battered pug, striving desperately to last out the ten rounds and collect his little purse.

We never knew a professional fighter who sought a scrap for the thrill of it, and the returning soldier will remain returned if he has his say about it.

The American army today offers more inducements and finds fewer candidates, than it ever did before.

And this is true, to a greater degree, to all the armies of the world.

If Kaiser Bill had full control of Germany he would have slight chance of stirring his people into another war of conquest.

And if the czar was back all his old time power would not be enough to push ten million peasants over the brink into the hell of war.

FLOOD WATERS CLAIM LIVES AND PROPERTY

WHEELING, W. Va., July 19.—Between nine and thirteen persons are believed to have drowned tonight when a residence was swept away by the waters during a heavy rain storm at Wege creek on the Ohio side, ten miles south of here. Rescue parties have been unable to reach the scene.

Four known dead, ten others missing and property loss of thousands of dollars was the toll of a cloudburst which swept southeastern Belmont county, Ohio, and a small portion of Ohio, and Marshall counties, West Virginia tonight. Two houses were carried away at Wege creek on the Ohio side south of here. Fifteen persons were in the houses at the time and only one is known to have escaped.

PUT BOMBS UNDER X-RAY

NEW YORK, July 19.—Bombs sent to public officials or others and which fail to explode, will be examined in future by X-rays by government expert before being opened. This announcement was made tonight following a conference between New York police officers and representatives of the United States bureau of mines. Valuable clues to the sender of the bombs will be obtained in this way, it is expected.

SENATORS INSIST

(Continued from Page One)

of possibility that he may secure such an assent and then discontinue opposition to such reservations as do not, in his opinion, vitally weaken the league.

In his conference with Senator Hitchcock, Mr. Wilson is known to have expressed strongly the feeling that it was only necessary to clear up misunderstandings in order to reach

a solution of the senate situation. Some senators interpreted this position, taken after seeing seven republicans, as suggesting that the president might have in mind some definite plan to bring together the administration senators and those republicans who are for interpretative reservations.

Such a plan would not appeal to the group of republicans led by Senator Borah, republican, Idaho, who advocated eliminating entirely some features which the president thinks vital. The exact extent of reservations favored by such senators as Chairman Lodge of the foreign relations committee and Senator Knox, republican, Pennsylvania, never has been definitely revealed.

The Shantung provision confidently is expected by some of the president's recent callers to be the subject soon of a white house declaration either in the form of a public statement or a message to the senate.

The senate was not in session today and the foreign relations committee also took a rest. Both will meet Monday, Tuesday President Wilson is expected to see more republican senators at the white house.
